#### St. Thérèse of the Child Jesus

On October 1, Catholics around the world honor the life of St. Thérèse of the Child Jesus, or St. Thérèse of Lisieux on her feast day. St. Thérèse was born January 2, 1873 in Alençon, France to pious parents, both of whom are scheduled to be canonized in October 2016. Her mother died when she was four, leaving her father and elder sisters to raise her.

On Christmas Day 1886 St. Thérèse had a profound experience of intimate union with God, which she described as a “complete conversion.” Almost a year later, in a papal audience during a pilgrimage to Rome, in 1887, she asked for and obtained permission from Pope Leo XIII to enter the Carmelite Monastery at the young age of 15.

On entering, she devoted herself to living a life of holiness, doing all things with love and childlike trust in God. She struggled with life in the convent, but decided to make an effort to be charitable to all, especially those she didn’t like. She performed little acts of charity always, and little sacrifices not caring how unimportant they seemed. These acts helped her come to a deeper understanding of her vocation.

St. Thérèse died of Tuberculosis in 1897 at the age of 24.
